You will be provided with 2 gate remotes as part of your closing package. If you would like to purchase additional remotes, this may be done at anytime for \$25.00 per remote. You may put one name/phone number for each remote in the gate system. The phone number(s) may be a cell phone or a land line.

The entrance code will be the last four digits of the serial # on the back of your remote. You will need to hit #(last four of remote) to open the gate without the remote. We recommend only giving your code to household members.

Gate hours are open as follows:

Monday-Friday	6:00 am to 6:00 pm
Saturday	7:00 am to 5:00 pm
Sunday	12:00 pm to 5:00 pm

As you approach the community, the opener will gain a signal approximately 100 ft from the gate. When a guest visits your home, they will locate your name in the code box, at that time the gate will call the number that you provided. If you wish to allow this guest into the community, you will simply press "9" on your phone, once you hear a tone the gate should open to allow them access.
